The Passing of Seasons

Nature is man's teacher. She unfolds her treasures to his search, unseals his eye, illumes his mind, and purifies his heart; and influence breathes from all the sights and sounds of her existence.

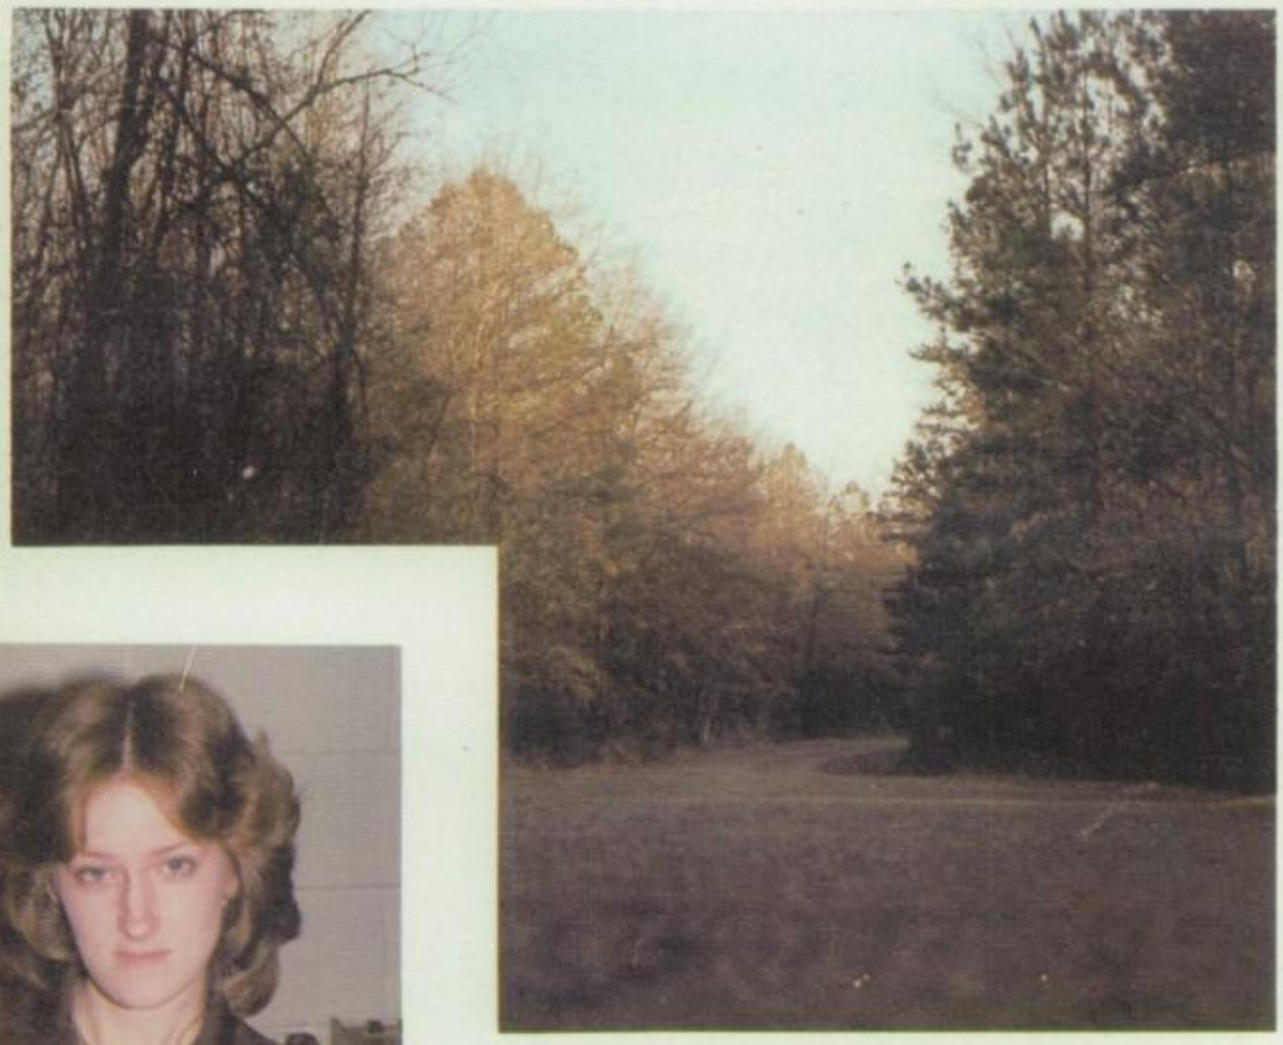
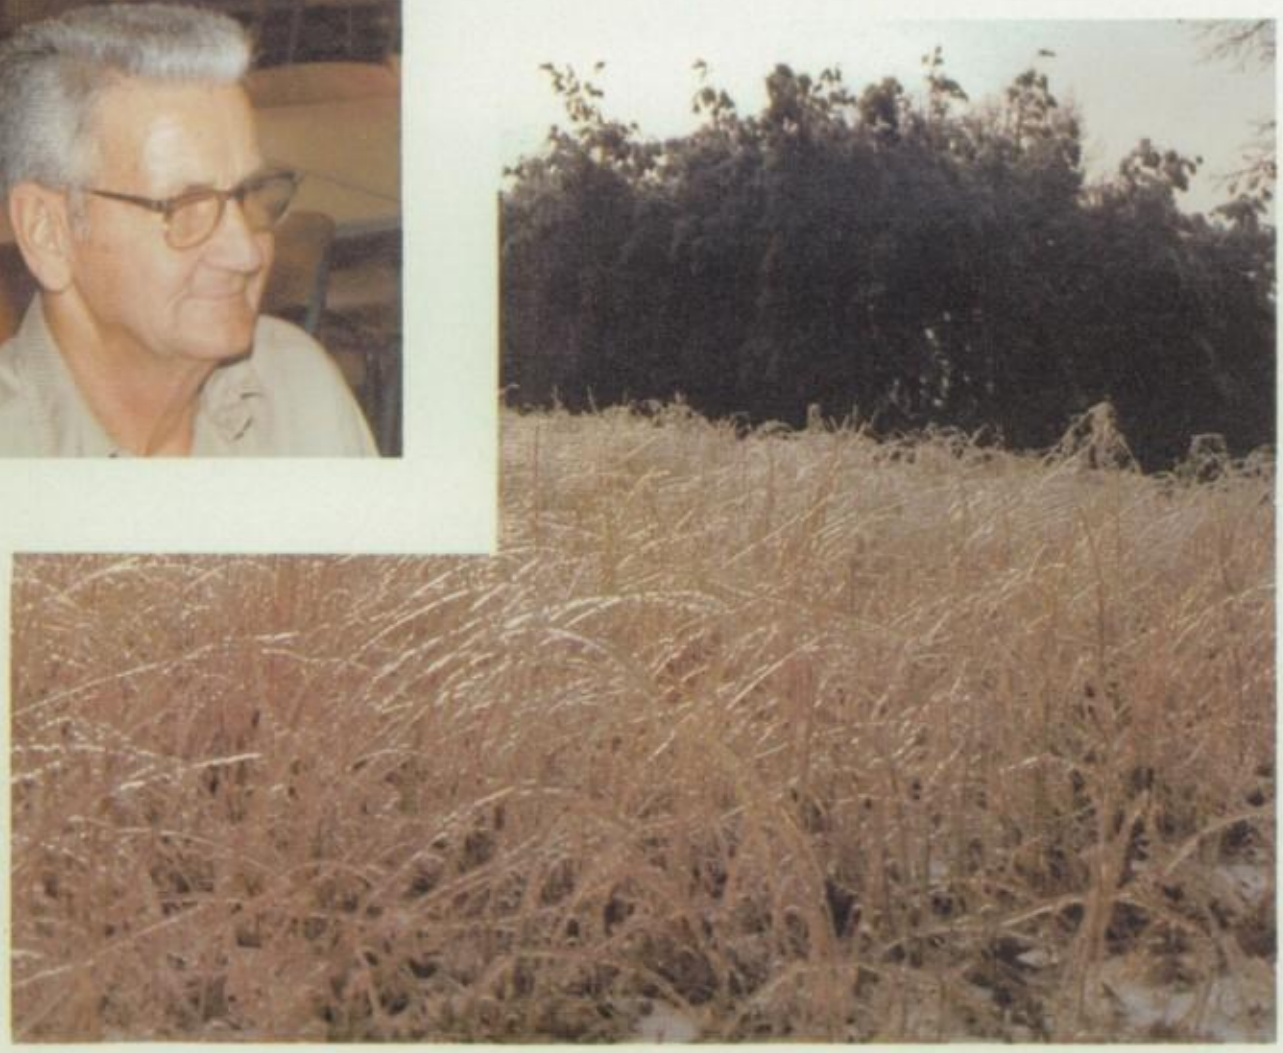
There is a wonderful mythical law of nature that the three things we crave most in life — happiness, freedom and peace of mind — are always attained by giving them to someone else.

— Peyton Conway March





Just as the soil that has lain fallow produces a richer harvest, so it is with human beings — the bare and silent moments are those when the busy mind finds light and air. The thoughts that arise in these brief intervals, when one takes time to look up, are growing thoughts.

Nature imitates herself. A grain thrown into good ground brings forth fruit; a principle thrown into a good mind brings forth fruit. Everything is created and conducted by the same Master: the root, the branch, the fruits — the principles, the consequences.

— Blaise Pascal

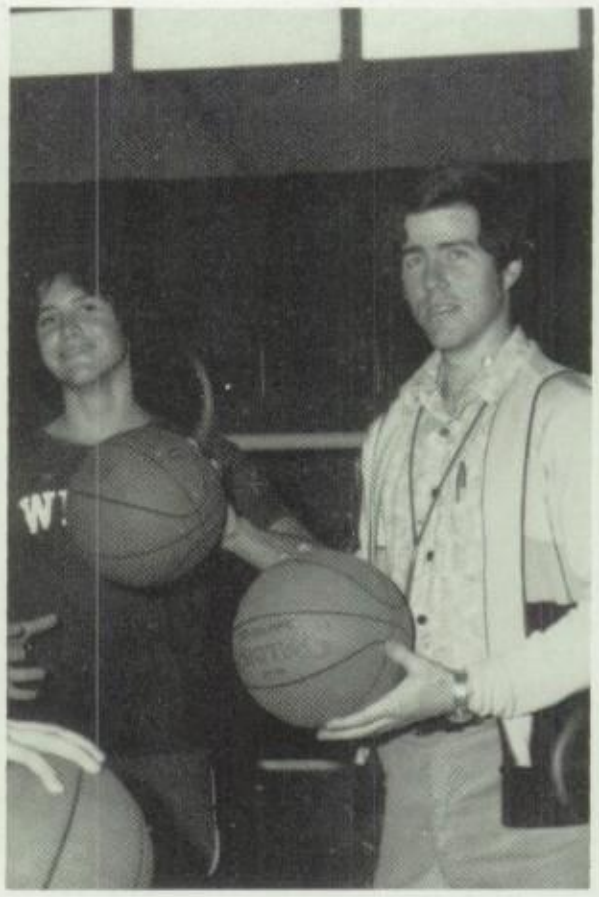
What Are You Looking



Annie B. Stevenson, Seventh and Eighth
"I am looking for a student to be honest with himself, his classmates, and his teachers."

Otha Anders, Social Studies
"For each student to recognize that he is a unique individual and thereby involve himself in those things that will enhance his development to the maximum so that he can have a meaningful and productive life."

Randy Pierce, Eighth and P.E.
"I am looking for a student that is willing to learn and willing to put forth the effort to learn."

Anne McCready, Seventh and P.E.
"I am looking for a student(s) with a desire to excell. A desire to be better than he or she was yesterday."

Dee Zeno, Math
"I am looking for a student who will not sell himself short, and will not give up because he runs into a problem.

Mike Staples, Science and P.E.
"100% effort."

for From a Student?

Margaret Ford, Librarian
"Student should put forth sincere effort to work according to his or her ability."

Ethel Weeks, English
"From a student I look for enough self-respect to do his best and enough respect for others to let them do their best, too."

H. J. Hale, Vo-Ag.
"I look for a student to develop his potential. If a student takes his job seriously then he will be cooperative and understanding toward the educational process."

Bettye Pate, Home Economics
"An open mind about learning and not feel as if they already know everything there is to know."

Mary Rasberry, Math and Guidance
"All individuals are endowed with varying abilities. From a student I expect the best that he can do with his God-given talents."

Wanda Norman, Business Ed.
"Cooperation, respect, responsibility, dependability, — but most of all, a sincere desire to do his best on everything he does."

Dorothy Dorsey,
Kindergarten
"I see myself as the carpenter who has built and is still building sturdy foundations which the house (child) will rely upon for a lifetime."

Christine Temple, First Grade
"As an educator, I see myself as a friend and instructor endeavoring to teach skills and principles that can be utilized now and in the future."

Daune Shows, Third Grade
"I see myself as only one minute but vital link in the chain of the teaching-learning process. Teaching is truly my profession, not just my job."

Linda Spence, Fourth Grade
"I see myself as a teacher who is an enthusiastic person and always ready to assist my students. The welfare of my students is always first and foremost in my mind."

Billie Jean Wyatt, Second Grade
"I feel that I have one of the most important positions. It is at this early age that right attitudes about school and self, homework habits, and specific skills of listening, thinking, speaking, writing, and reading are instilled into each young mind."

Shirley McConnell, Second Grade
"As an educator, I believe in myself and in my abilities to cope with my responsibilities."

How Do You See

Joyce Milstead, Fifth Grade
"As an educator, I see myself as a capable, concerned teacher who is a loving but stern disciplinarian."

Janette Hall, Sixth Grade
"As an educator, I view myself as one who is concerned about each student and tries to meet his special needs."

Alice Davis, Music
"Musically inspiring young people to reach out."

Joe Jones, Driver Education
"I think I am successful as an educator because I enjoy what I do. I like teenagers and the things they enjoy doing. I try to understand my students' problems and remain patient while helping them find a solution."

Jewel Aldy, Resource Teacher
"As an educator, I am concerned about the learning problems of students. Helping students overcome these problems is a task that I enjoy."

Loice Cottingham, Speech Teacher
"I see myself as a key that helps unlock the door to communication for those students who have difficulty with good speech and hearing."

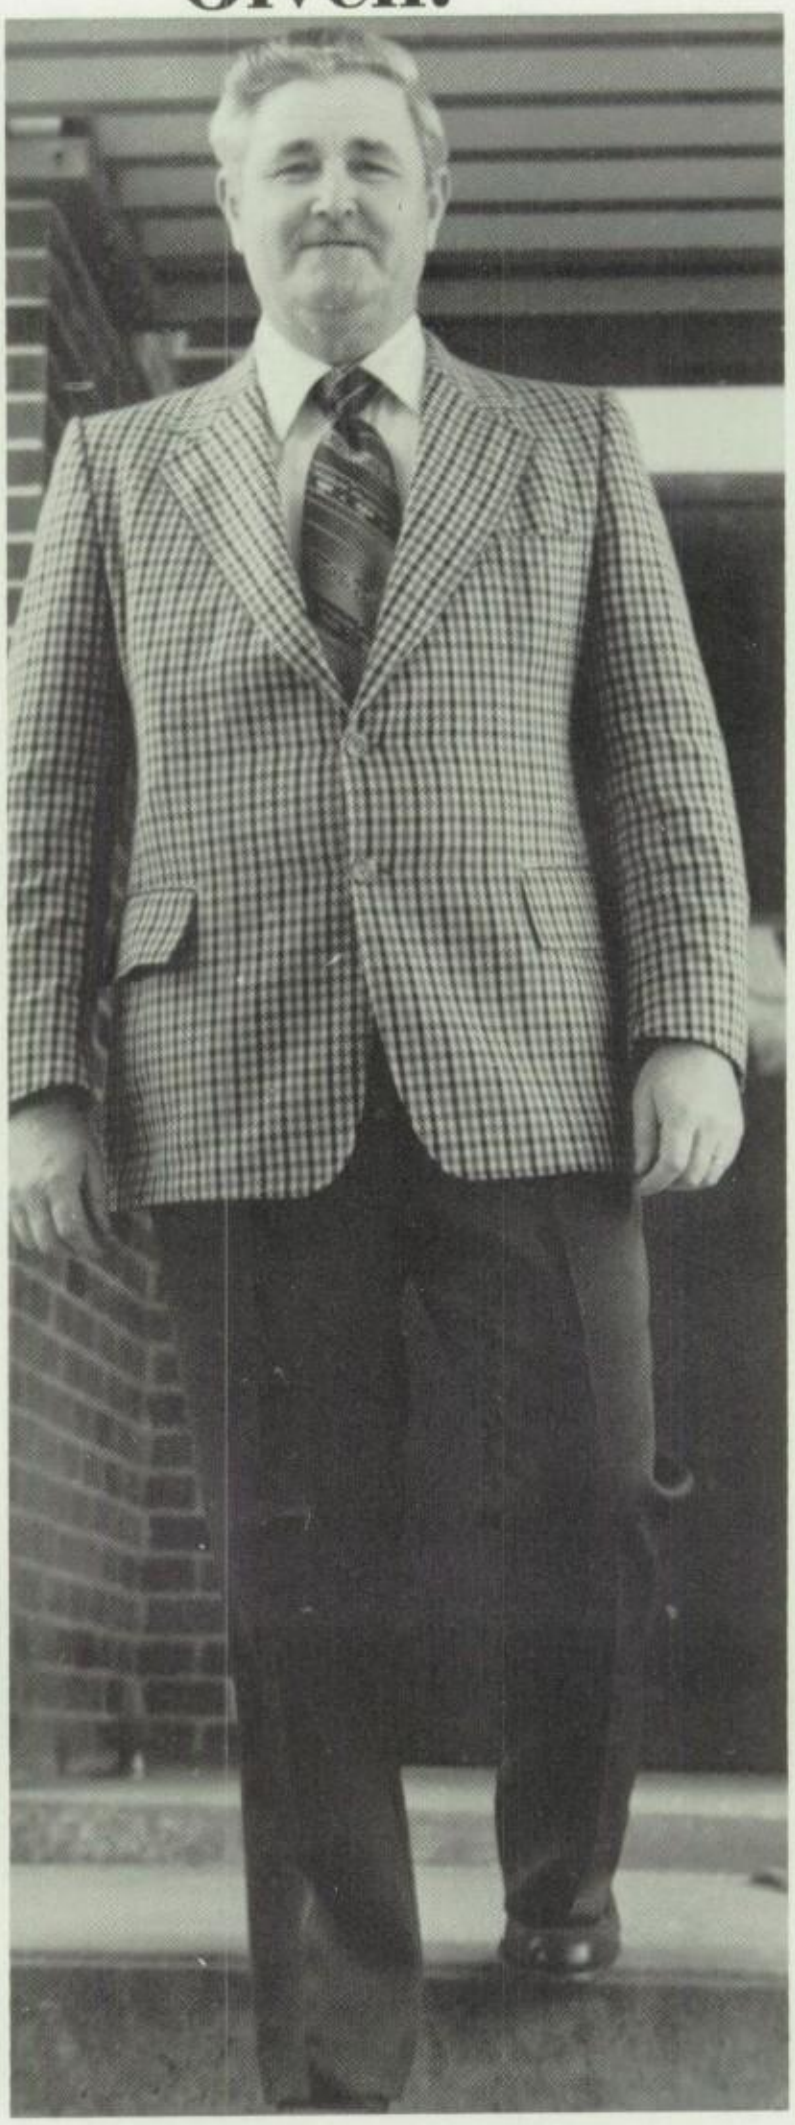
What Is the Best Advice You Have Ever Been Given?



Mr. Donald A. Wyatt
Principal

A reply to this question is somewhat personal. However, I am glad to share advice given in casual and semi-formal situations. Thus, that received is so given.

Life: I heeded the advice given which is found in *John 3:16* and *Acts 16:30-31.* My life took an about face and I came to know the full meaning of life.

Behavior: As a young adult, leaving home, I was told, "Son, be a good boy and behave yourself." This meant, do those things that would bring honor to myself, as well as those with whom I came in contact.

Failure: A grand old great uncle said, "The things you get in life, if they are not worth working for, they're not worth having." The measuring stick for success is *work.*

Professionally: A colleague said, "You can achieve a great deal working with people. You can do very little by yourself." The little word *with* means a great deal.

Teaching: "If a student fails, an adult has failed." Success or failure of children belongs to adults.

Education: "College does not finish education for a lifetime — it just starts it."

Freedom: A free society should recognize the dignity and worth of man, it should seek to preserve and further his freedom. Too, one's liberty ends where his freedom of actions interfere with the rights and freedom of others.

Gifts: "The greatest gift a father can give his children is to love their mother."

EDITOR'S NOTE

This is my time to express my appreciation to everyone who has contributed to ıe creation of the 1978-1979 Wolfpack.

Special thanks goes to the yearbook staff: Tim, Todd, Sandra, Telia, Lauri, .ena, Michelle, and Penny. Without their hard work, this yearbook would have een impossible to complete. I would also like to thank Mr. Staples and Mrs. Lasberry for their advice and help. Very special thanks goes to my advisor, Mrs. Norman. She was always there to guide, to push, and to understand.

I hope this yearbook will in some way be meaningful to everyone and will help ıs to reflect on The Passing of Seasons — the passing of time — at Weston in 1978-1979.

Saundra

There is an appointed time
for everything,
and a time for every affair
under the heavens,
A time to be born, and a time
to die; a time to plant, and
a time to uproot the plant.
A time to kill, and a time to
heal; a time to tear down,
and a time to build.
A time to weep, and a time to
laugh; a time to mourn, and
a time to dance.
A time to scatter stones, and
a time to gather them;
A time to embrace, and a time
to be far from embraces.
A time to seek, and a time to
lose; a time to keep, and a
time to cast away.
A time to rend, and a time to
sew; a time to be silent,
and a time to speak.
A time to love, and a time to
hate; a time of war, and a
time of peace.

Congratulations on Your Retirement
